

Ratchet Max

Cut -n- Clamp

Patent Pending

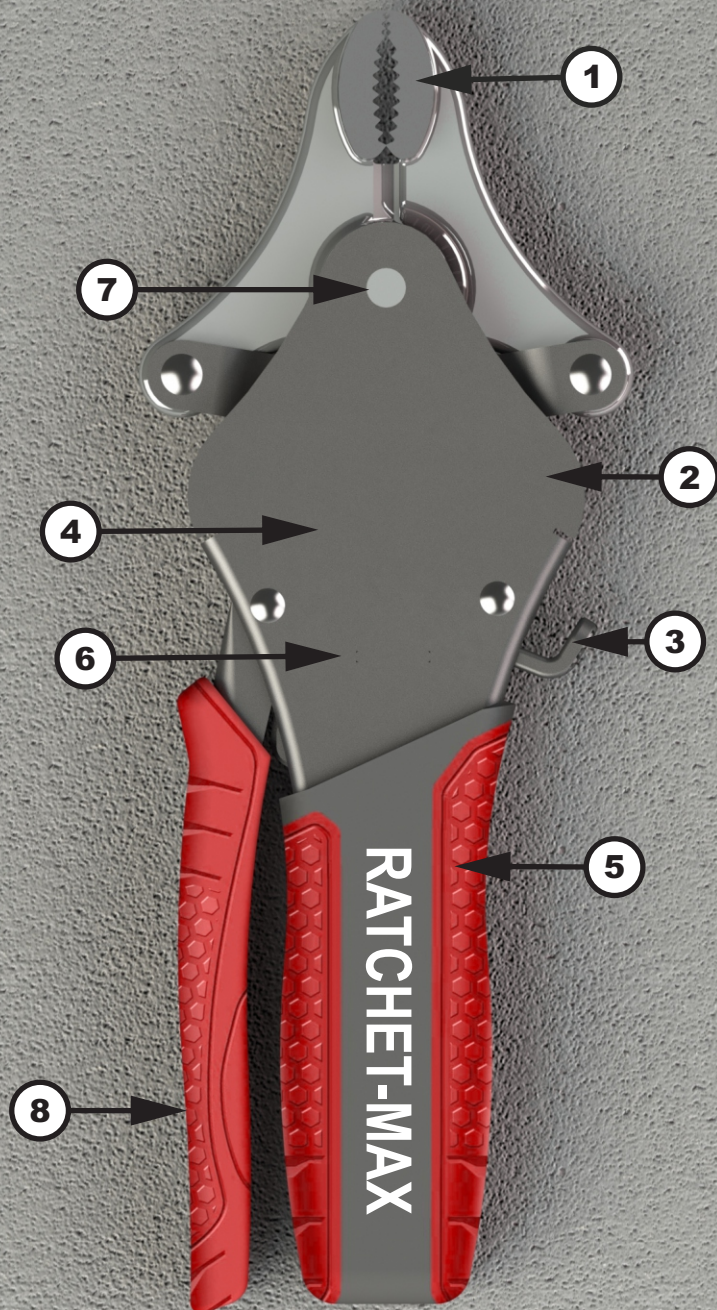

Two Sizes

10-inch

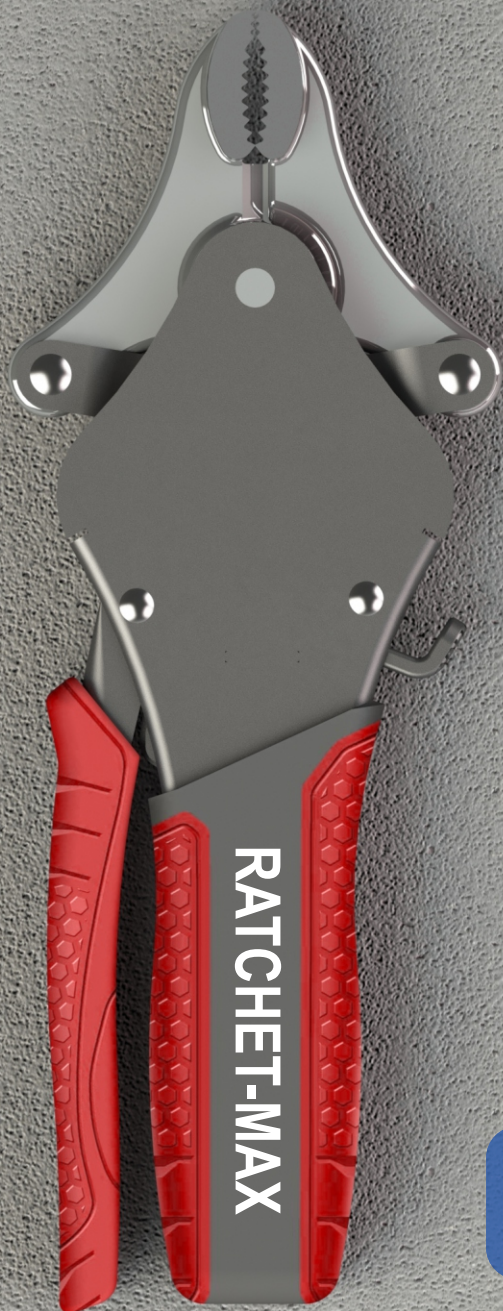

7-inch

Features of the Ratchet Max

- ① Solid Steel Forged Jaws Provide Long Lasting Superior Strength for Cutting and Clamping
- ② Laminated Steel Body Construction Designed for Superior Durability
- ③ Feather-Touch Push Button Release
- ④ Maximum Jaw Position Limiter For Increased Speed
- ⑤ Dual Durometer Handles Provide End User Gripping Comfort
- ⑥ Spring Loaded Ratcheting Mechanism Allows for Automatic Opening
- ⑦ Jaws-of-life Design Provides MAXIMUM Cutting and Clamping Forces
- ⑧ Multiple Positioning Ratchet Lever Provides Greater End User Versatility

How the Ratchet Max Works

Place the work piece into the jaws to clamp or into the cutting edge to cut, and simply squeeze the ratcheting lever until the desired force is achieved.

To release the work piece, press the feather-touch thumb release, and the jaws will automatically open.

Ratchet Max

Jaw Opening and Cutting Sizes

	<u>7-inch</u>	<u>10-inch</u>
Max Opening:	1-3/8"	1-7/8"
Cuts Alum. Rod:	0.146"	0.200"
Cuts Steel Rod:	0.136"	3/16"

Also Cuts Wire Rope!

Summary

Versatile: Meets the demands of the professional as well as the do-it-yourselfer

- Work on farm machinery, heavy equipment, and automobiles
- Assemble a swing set
- Remove a rounded or rusted fastener
- Loosen a stuck garden hose
- Clamp workpieces to be welded
- Cut wire rope

Unique design: Jaws-of-life mechanism and a force-multiplying ratchet lever combine to produce enough force to cut 3/16" steel rod with one hand

Ratchet Mechanism: Eliminates thumbscrew and traditional lever manipulation to change sizes

Feather-Touch Release: Allows user to safely release workpiece without the handle flying open, as on traditional locking pliers

Three-Stage Preset: Restricts jaw opening to preset positions for smaller jobs

Wave-Spring Arms: Unique and innovative design provides constant pressure

The Ratchet Max Cut-n-Clamp is a must-have tool that will prove to be an asset to any person's tool set. Its SUPERIOR JAW FORCE, combined with its ease of use, makes it a great tool for men and women alike.
